WEF WOMEN ECONOMIC FORUM AWARDS

Message from Dr. Harbeen Arora Global Chairperson, ALL Ladies League (ALL) & Women Economic Forum (WEF)

It's been a divinely blessed journey of tirelessly reaching out to our Soul Sisters across the world. Our committed outreach over the years has brought home the realization that women's leadership thrives and abounds across the world and in all walks of life. There is so much goodness, talent, excellence and inspiration; all we need to do is to tap into it.

Through the worldwide web of women fostered through the mammoth network of ALL Ladies League (ALL) and the collaborative relationships and businesses built through the many Women Economic Forum (WEF) conferences, our collective capacity for transformation and change is infinite. As we feel like one family of Soul Sisters across the world, emboldened by self-belief and empowered by sisterhood, there is nothing that can hold us back anymore. Together, we know that we can be the change. Together, we know that we can bring the change.

The all-encompassing network of ALL is the world's largest All-inclusive international women's chamber and a global movement for the Welfare, Wealth, and Wellbeing of ALL. ALL is the only such international chamber in the world to offer completely Free Membership to inspired women who wish to make a difference. Membership is extended by invitation and reference of Soul Sisters; which makes us expand globally and virally.

With over 800+ chapters and 1,00,000+ members and soul sisters across 150+ countries (and growing), ALL is the fastest growing worldwide web of women where women across strata and societies are coming together in circles and chapters of sisterhood to discover their individual and collective strengths and leadership in unprecedented ways. The acronym ALL stands for our inclusive spirit and faith in the power of one and all. With an empowering culture of positive energy and helpfulness, and a firm rule of no-negativity, ALL is committed to building bridges, celebrating diversity and energizing businesses and creative collaborations beyond borders, boundaries, and bias. ALL is non-political, non-religious and non- dogmatic.

Women Economic Forum events are much more than a usual Business Conference: they are filled with an uplifting energy of "yes, we All can." WEF events create an empowering ecosystem enabling our own visibility and global exposure as well as providing massive access to connections worldwide to help grow businesses internationally, find funding, start new ventures, gain knowledge, tap into new trends in technology, learn about innovative models, and foster creative collaborations in a variety of ways and spheres. The mega annual WEF takes place in India and regional WEF events take place across the world and throughout the year.

We encourage all women and supportive men to come together on a single platform to work towards our overall economic development and prosperity and contribute positively to society. We believe in unleashing the power of each One through the power of our Oneness.

BIOAYURVEDA
Embracing Mother Nature

BioAyurveda is a visionary global health & wellness brand translating the abiding awareness and wisdom of Ayurveda into our daily lives through an enlightened range of products for our holistic health and wellness. As we embrace the wholeness of Mother Nature, we also embrace the wholeness innate in ourselves, for we are One with Nature.

Ayurveda literally means the knowledge of life and longevity. It is the world's oldest comprehensively classified and documented science of health and wellbeing originating, developing and surviving in India. Continuing from over five thousand years, with an estimated five million manuscripts bequeathed to us, Ayurveda holds the richest repository of time-tested knowledge of the healing powers of plants, fruits, stems, roots, leaves, flowers, seeds, grains, spices, oils, minerals, and other natural nutrients. The legacy of Ayurveda has given us intimate knowledge and in-depth understanding of natural sources of nutrition, energy, immunity, antidotes and balance along with age-honored techniques and combinations yielding the ultimate therapeutic value.

Mother Nature has blessed India with very rich biodiversity. Among the seventeen megadiverse countries of the world, India is verily known as the botanical garden of the world with thousands of medicinal plants and herbs aiding prevention and care for a plethora of ailments. Of course, Ayurveda as a complete knowledge system engages with All of Nature, inclusive of plants and natural sources of wellbeing that could be found anywhere in the world.

In India, the greater part of the populace still depends on Ayurveda as a trustworthy source and first recourse for preventive health and lifestyle. Part of family and food traditions, Ayurveda thrives in Indian households as kitchen recipes, daily habits, home remedies and grandmas' wisdom for preventing and addressing ill-health and imbalance. India also has a vibrant ecosystem for Ayurveda access through technically trained doctors in the discipline, dedicated government ministries, clinics and hospitals, modern research centers that continue that generate new studies and findings.

With rigorous quality testing processes, organic procurement, and conscious sourcing BioAyurveda brings to you closer to a precious source of health and wellbeing through a range of offerings that encode Ayurveda's precepts and prescriptions into products made from the purest natural ingredients with resilient compositions that enable optimal health and wellness in our modern lifestyles.

BioAyurveda offers exceptional & unique range of products across the categories of Supplements, Skin, Staples, Savories, Shakes, Soin, Scents, Spa and Seeds.

WEF-Santa Barbara, 11th-15th Nov 2016, 2016

WEF-Santa Barbara focused on the big opportunity for leadership from the feminine consciousness of nurturing and connecting, and how the feminine spirit can change the landscape for dialogue and growth in business and policies. The forum discussed global issues relating to women's integration in the mainstream of society as well as cultures and mindsets that continue to leave many women out. It dived into inquiry around how through "soft power" of awakening the feminine in both men and women, the US can strengthen its leadership position in technology, innovation and creativity, and also play the much-needed role of bringing hearts and minds together. It was a collaborative platform for an open dialogue on how the United States has an opportunity to reinvent itself into a more dynamic, more collaborative, more inclusive society where the interests of a diverse cross sections of society are addressed and their growing global aspirations explored.

Grassroots Achievers of the Decade 2014-2017

ALL Ladies League, we believe in seamlessly connecting women across our diverse socio-economic strata and celebrating success stories across the rural-urban spectrum. With our Grassroots Women of the Decade Achievers Awards, we identify and honor women entrepreneurs and achievers at the grassroots level across domains. It is our mandate to tell the stories of these unsung heroes, often laced with much struggle and fortitude in the face of unbelievable odds.

Shakti Bandhan : World Sisterhood Day October 5

Shakti Bandhan, or World Sisterhood Day, is an annual global festival at AIL to celebrate the bonding of women as soulsisters in supporting, nurturing and protecting one another. Shakti means the divine power and creative energy and bandhan means bond. On and around 5 October every year, women in different parts of the world come together to connect in joyous sisterhood.

Celebrating the sisterhood bond with a band of promise

Testimonials

Shri Pranab Mukherjee
Hon'ble President of India

He extends his warm wishes for the success of ALL Ladies League's Annual Summit: WomenEconomicForum – 2015 The President of India Shri Pranab Mukherjee, is happy to know that the Women Economic Forum of ALL Ladies League (ALL) is being held from May 7-11, 2015 at Goa. The President extends his warm greetings and felicitations to the organisers and the participants and sends his best wishes for the success of the event.

Kiran Bedi
Hon'ble Lieutenant Governor of Puducherry

Exclusivity of Women Economic Forum is bound to generate some unique ideas, original in content and implementation...

Richard D'Aveni
Bakala Professor of Strategy
Tuck School of Business, Dartmouth, USA

A truly outstanding & eye opening event! I felt honored to speak at the WEF with so many of the most accomplished and amazing women in the world in attendance & as speakers.

Baba Kalyani
Chairman & Managing Director, Bharat Forge India

The WEF is unique because every year it brings together women from different parts of the world on a common platform to share their experiences and discuss issues that are relevant to the global economy. It is particularly heartening that India is hosting this significant international event. I take this opportunity to wish the forum a great success. I am sure that three days of intense deliberations on a wide range of issues will make participation in the conference a very rewarding experience.

Dr. Rolando A. Flores
Dean, New Mexico State University, USA

It was amazing to see delegates from more than 100 countries participate and share their journey. The stories about their struggles and how they overcame barriers and stereotypes, prior to being successful, touched each one of us. .... The conference afforded an amazing opportunity for the NMSU delegation, students, staff, and faculty to interact with global leaders. This experience is invaluable in developing further as global leaders.

Yes! We are family! Sisters are we, from around the world! An incredible group of LADIES, with a few good men intermingled. A treasure to expand our networks and have connections in multiple countries with women of like-mind and purpose. Thank you to each woman who shared her heart, mission and soul with me. Thank you to our hosts Vinay Rai and Dr. Harbeen Arora for your generosity!

Johanna Maimela

Every once in a great while you get to meet an Angel on Earth. Harbeen Arora is one of those Angels. She is the love and vision that brought together 1600 delegates from 91 countries to unite us all in a global conversation on what is possible in the world. I have rarely witnessed such love and compassion pour forth from one individual. From session to session from conversation to conversation, Harbeen was a light encouraging, supporting and empowering each of us to find our light and shine for the world. Thank you, dear sister, for making my lifelong dream come true. From the conference in New Delhi to Baba's sitting place, it was truly a magical and life changing experience.

All expectations were exceeded. The table of events pulsated with variety and interest exceeded only by the rainbow of saris assembled at the Pullman Hotel in Aerocity New Delhi. The subject matter expanded effortlessly to include entrepreneurship, start ups, spirituality, psychological health, yoga, music in the workplace, parenting, dressing for success, flexi time and my own subject, the role of emotional intelligence in the workplace…'Feel the energy, feel the love', was the take away for all of the 1500 female delegates. The common language was one of encouragement and support for other women, inspiring them to go forward in the world and recognise their potential

14 days in India 109 Countries. Devine light of human beings .soul sisters and soul brothers. I want to give a special huge blessing to Harbeen Arora, a woman of vision full of love wisdom and compaction, special ability to hold energy for thousands of people so inspiring. Thank you so much. It felt like you were home for all of us. Thank you ALL for your endless support love listening and humble wisdom flowing all day long you gave us blessings, love and powerful presents for our journey. I am a wounded healer I came to this world to teach what I have to learn. "Dare to voice" is a moment of healing this is my mission. We are all beautiful musical instruments. We are all equal, 2016 most people in the world are voiceless. This special WEF conference opened a window to beautiful voices. Thank you God "when you heal yourself you are not alone (course in miracles). I had the privilege to Lecture, to sing, to give special workshops and collaborate with my soul sisters from the Israeli delegation and women from the whole world Thank you so much all of you.

Kalina Parvanova Kaleva

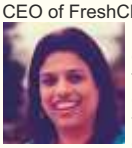
You have done a great job organizing the mega congress with such a wide range and diversity of speakers, subjects and ideas.

Madhu Chebolu
CEO of FreshChops, India



I want to express my gratitude and applaud you for such a wonderful enriching forum. I wanted to mail immediately and extend my thanks but knew you must be tired after the jaw dropping conference for a week. It was by far one of the best I have attended and feel privileged to be a part of it. Your hospitality and the attention to every little detail is commendable. You and your team totally rock! Never imagined that it was pulled off with so much laughter, joy and grace. I am short of words to express the experience and the learning I have encountered during these three days and I am sure next year I will attend all the days.It was beautiful amalgamation of women, charm and knowledge. I am humbled and motivated by all the women I have met and specially by you. I am sending across much love, happiness and light to you and all your team. I am extremely sorry that I personally cannot convey the same but believe me the feeling is there.

Priya Vishwanathan

I wanted to thank you and congratulate you for the organization of the Hague WEF and for your commitment to empower women. I enjoyed the nice feeling of solidarity and sisterhood prevailing throughout the forum as much as last year. This event like the Delhi WEF has created a lot of synergies and offered the opportunity to connect with like minded people and open up to new friends and reflect again on how to work together to advance women's empowerment.

Dr. Karen Johnson

Honorary Deputy Minister for the UK World Humanity Commission, UK

I just want to say congratulations WEF London. I was so proud and honoured to speak at this amazing, inspirational, wonderful Forum. The venue was warm and welcoming filled with so many incredible women from all over the world. I had a day that filled my heart with love for my fellow women and their passions and success...Thank you so much for giving us all this opportunity to connect. Your team was welcoming and helpful with smiles.

Anita Heidema

Kathleen S. Riguer (Kaye)

Global Digital Marketing Associate Intel Continental Hotels Group, Manila

My sincerest gratitude for everything! I don't even know how or where to start. I am still so overwhelmed with the event, that I feel like I still have a WEF hangover. I did not just learn a lot, the friendships and connections made with the other ladies are priceless. It's like I have broadened my horizon career-wise and made new friends along the way. The ALL ladies empower each other and are achievers in their own rights. There was a good mix of personalities, backgrounds, cultures and professions, that itself made an impact on my outlook in life. I may have been one of those who have lesser experience age-wise and career-wise compared to most of the delegates, but talking to them, hearing them talk, knowing and spending time with them motivates me and makes me realize the choices that I have made. I couldn't see and understand why things happened before, but everything now just make me realize that all the things in past were bound to happen exactly how they happened. Otherwise, the rest wouldn't turn out this way. And right now, I am just really grateful. Wouldn't have it any other way.

I've loved every single second & met some AMAZING people, many of whom I'm sure will remain part of my life for years to come BUT more than anything else I've LEARNED!
I've truly learned that the power which resides within us all is ours alone to use to create greater good both for ourselves & others, but moreover we ARE all of us the same & together we are as one. We are different for sure: skin colour, culture, the clothes we wear, the challenges we face but we are ALL the same deep down and with a united sense of passion & purpose we can between us change the world around us….one small step at a time!
…thank you for the opportunity & experiences here in Mother India. Thank you for the love, kindness & compassion so willingly shared.

Fakulta filozofická zorganizovala setkání s předsedkyní organizace All Ladies League

Dr. Harbeen Arora z indické Rai University přiletěla do Česka na pozvání Fakulty filozofické University Pardubice
Foto: P. Šolar

V pondělí 1. února se v Praze konalo setkání s významnou osobností dnešní Indie dr. Harbeen Arora. Do Čech přijela na pozvání Fakulty filozofické Univerzity Pardubice, která společně s Národním pedagogickým muzeem a knihovnou J. A. Komenského zorganizovala toto setkání. S dvacítkou českých žen, především z oblasti vzdělávání, výzkumu a podnikání, diskutovala rektorka indické Rai University o možnostech spolupráce.

V České republice byla Harbeen Arora poprvé, a to díky iniciativě Univerzity Pardubice, která v roce 2015 zareagovala na nabídku v rámci projektu Discover India (Objevte Indii). V prosinci loňského roku vyslala univerzitní delegace pod vedením doc. Martina Fárka z Katedry religionistiky Fakulty filozofické UPa na desetidenní návštěvu Rai University, která se nachází v Ahmedabádu ve státě Gujarát. Během stáže se účastníci seznámili jak s indickým životem, tak především se studiem na Rai University a dalších vysokých školách v Ahmedabádu. Dynamická indická dáma totiž stojí v čele sítě Rai Universities v Indii a prosincová návštěva proto přinesla nejenom navázání institucionální spolupráce mezi oběma univerzitami, ale i osobní spolupráce a přátelství s rektorkou univerzity dr. Harbeen Arora.

Afrikaanse rechter Internationaal Strafhof reageert op kritiek

U bent te gast op het Women Economic Forum (WEF) in Den Haag (op 27 januari, red.), waar wereld gepleit voor meer vrouwen aan de top. Hoe is het gesteld met de positie van vrouwen bij het ICC?

"Op dit moment heel goed: zowel de huidige president als beide vice-presidenten zijn vrouw. Bij diverse hiërarchen kun de positie van vrouwelijke rechters nog flink worden verbeterd. In mijn land Botswana bijvoorbeeld is nog geen enkele vrouw Chief Justice geweest. Ook in de Hoge Raad, de hoogste beroepsinstantie, heeft nog nooit een vrouw gezeteld. Als ik volgend jaar vertrek bij het ICC, zou het bijzonder zijn als ik voor deze Hoge Raad gevraagd wordt. Het is geen spectale ambtte, maar wel heel eervol."

Eliza Reid heillaði Dr. Harbeen

Það var glatt á hjalla heima hjá Indverska sendiherranum á Íslandi, Rajiv Kumar Nagpal, þegar Dr. Harbeen Arora hélt glæsilegt boð á heimili hans. Indverski sendiherrann býr í húsi sem var áður í eigu Rolfs Johansen heitins og Kristínar Ásgeirsdóttur og stendur við Laugarásveg í Reykjavík. Húsið er glæsilegt en það var teiknað af Kjartani Sveinssyni 1977.

Dr. Harbeen stýrir samtökunum All Ladies League sem stendur fyrir Women Economic Forum sem eru samtök sem stuðla að valdeflingu kvenna á heimsvísu.

Á þessu ári er stefnan að halda slíka ráðstefnu hérlendis og til þess að kynna verkefnið var Vigdísi Finnbogadóttur, Elizu Reid forsetafrú Íslands og fleiri framúrskarandi konum boðið til fundar við dr. Harbeen. Sendiherrafrúin, Lata Nagpal, er meistarakokkur en hún eldaði gómsæta indverska rétti sem runnu ljúflega niður.

Dr. Harbeen klæddist glæsilegum bleikum síðkjól þetta kvöld sem var sérsaumaður á hana af móður hennar.
